

THE INTERMEDIATE SEX Chuck Williamson

Written in 1908 by socialist critic and gay rights activist Edward Carpenter, *The Intermediate Sex* is a thoughtful, humanizing, and frequently utopian treatise on homosexuality that defies some of the period's more stultifying notions about human sexuality. In it, Carpenter argues for the legitimization of "uranianism," recounts the history of homosexuality from antiquity to present day, highlights the great social and aesthetic work done by Uranians, and outlines some of the transformative social effects that might occur from a greater acceptance of homosexuality.
